## SUCCESS ROUND TABLE TESTIMONIALS

*“I am writing to express my gratitude for your work in providing the Success Round Table. Success Round Table provides an excellent forum for business people to exchange information and ideas in guided discussions which assist its participants to raise their business to the “next level”. I find that our sessions are often the highlight of my week, and I always come away from those meetings with thought-provoking new ideas.”*

Scott Ritter, Scott Ritter Law Corp.

*“I have truly valued our monthly Success Round Table meetings as a way to give me a focus for the next month. Whether it is a topic brought up for the meeting or a situation from one of the members I have always come out of the meeting with something to think about and work on. I have also brought my professional dilemmas to the meeting and received excellent advice from my colleagues. I have found it to be an excellent forum to learn how to be a better business person.”*

Senior Partner, Canadian Accounting Firm

*“My experience has been great! No matter what the topic has been I have pulled a nugget of information from each meeting. Peer mentoring of this nature is a great way to have many eyes reviewing your business and practices. A great leg up on your competition.”*

Cal Kaiser, Cal Kaiser Home Team – Re/Max Ocean Pointe

*“I've been a part of the Business Success Round Table for over a year now, and I have to say that it's the highlight of my month. Nowhere else have I worked with such a diverse and dynamic group of professionals. The level of trust has become so high that we increasingly use each other for advice and counsel on our businesses. Clemens does a masterful job of providing structure and moderating the sessions.”*
